**Term 2 Week 4  
24<sup>th</sup> May 2019**

### Principal note

Food of the week is capsicum. The children have made some very tasty pita bread pizza this week with capsicum. They have also been learning more about healthy eating. This weeks science experiment investigated seeds and with some luck? The capsicum seeds we retrieved from the capsicums will grow in our garden this summer.

### Health Consultation

Please return the completed health consultation forms. This information helps us ensure we are meeting the needs of our students and families.

### Parent information Evening

It was fantastic to have Christine Braid share her extensive knowledge of literacy education with some interested parents. We are really grateful for the opportunity to gain a better understanding how children learn to read. Thanks to the Mums from our wider community for attending also.

### Tuesday Toasties Day

During Winter we will heat the children some toasties if they are sent to school prepared. **On Tuesdays only.** We will also have hot soup available on Thursdays where possible with produce from our garden.

**Maryann Symonds**

### Winter

If your child is showing sign of sickness please keep them home so that bugs cannot be spread. Ring and let us know. Please send you child in appropriate clothing for the colder days.
